

Music Around The World

Muziekgebouw Eindhoven is a partner of the Children's Music Week Foundation and will provide the Music around the World concert on **7 April 2024** to which all children of Eindhoven are welcome!

Childhood is a common denominator in all cultures. This project unites two powerful tools to connect society: music and a children. Because in the eyes of a child, there are no barriers and everyone is equal.

On this day, Muziekgebouw Eindhoven and Turkish Professionals Network Eindhoven will organise a children's music parade and an open stage. We call upon all the children in the region to take part in this colourful children's parade taking place throughout the city centre. Additionally, the open stage gives children a chance to display their talents.

This parade is inspired by the Turkish World Children's Day (23 Nisan Çocuk Bayramı ve Uluslararası Çocuk Şenliği), an annual event celebrating all cultures. All countries of the world are represented with their music, dance, song and outfits.

Let this day be a celebration of connection and inclusion. Come and share your joy, talent and musicality with the community. Together, we will create an unforgettable experience for all children and show that music knows no boundaries!

We hope to welcome you and your children in Muziekgebouw Eindhoven on 7 April.
